Ricky Kosasih

BINUS Undergraduate | Former Business Intelligence Intern @ Adira Finance | Oracle Cloud & Dashboard Experience | SIS Tech Futures 2024 | SIS Outstanding Student 2025  
Tangerang, Banten, Indonesia

Summary

Final-year Information Systems undergraduate at BINUS University with hands-on experience in business intelligence, business insights, and user interface development. Former Business Intelligence Intern at Adira Finance, where I contributed to internal reporting and supported decision-making through data-driven insights and collaboration across teams. Participated in SIS Tech Futures Camp 2024 by developing a user-centered game interface, emphasizing usability and teamwork under tight timelines. Recognized as a SIS Outstanding Student 2025 for academic performance and active involvement in the learning community.

Through the BINUS scholarship mentoring program, I guided two fellow students who were struggling in core technical subjects. With consistent support, both achieved meaningful academic progress, including a more than 30 percent improvement in final exam scores. Open to various roles in the tech and data space. Eager to learn, adapt quickly, and contribute to impactful, collaborative environments.

Experience

- Adira Finance  
Business Intelligence Intern  
April 2025 - July 2025 (4 months)  
Jakarta, Indonesia
- TFI Student Community (TFISC)  
Activist  
March 2024 - March 2025 (1 year 1 month)
- BINUS University  
1 year 6 months

### IS Study Club Member

February 2024 - February 2025 (1 year 1 month)

Tangerang, Banten, Indonesia

### SIS Tech Futures Camp 2024: Igniting Tomorrow's Tech Leaders

June 2024 - June 2024 (1 month)

Participated in the SIS Tech Futures Camp 2024, collaborating in a team to create an engaging and interactive game using Makey Makey. Emphasizing creative problem-solving, teamwork, and technology integration, the project resulted in an innovative and user-centric game developed through the use of Makey Makey technology

### Scholarship Mentor

September 2023 - February 2024 (6 months)

Tangerang, Banten, Indonesia

Provided academic mentoring as part of a peer-to-peer support initiative under the BINUS SASC program. Mentored 2 students over the course of one semester, focusing on foundational courses such as system analysis and database concepts. Designed tailored learning sessions to help mentees improve their understanding and academic performance. As a result, both mentees showed measurable improvement, with one increasing their final exam score by over 30% and the other successfully passing a previously failed subject.
