Reynard Hansel

Ex R&D Manager at BNCC Bandung | Front-End Developer |
Software Engineer // I'll Help Bring Your Concepts to Reality
Bandung, West Java, Indonesia

Summary

I'm an undergraduate student at BINUS University, passionate about and specializing in - . With 3+ years of experience in developing front-end websites and applications, My expertise extends to back-end development, allowing me to build comprehensive and seamless Full-Stack applications.

I aim to create a pleasing user experience that makes users say, "Whoa..." when using the app. I achieve this using /, , - , , .

:

- Front-End: NextJS, ReactJS, TailwindCSS, Framer Motion, Shadcn UI, HTML, CSS, JavaScript, TypeScript
- Back-End/Server: Prisma, tRPC, ExpressJS, Postman, SQL, MySQL, PostgreSQL, npm
- Auth: NextAuth
- Software Development: C, Python, Java
- Other: Figma, Arduino, Android Studio, Unity

:

- Led weekly scrum meetings and managed 3 concurrent projects, and increasing team productivity by over 80% through strategic oversight and collaboration at BNCC Bandung (2023 - Present).

- Designed and implemented user interfaces for 3 applications during my internship at Maestrobyte, enhancing user experience through comprehensive wireframes and user flows (2022 - 2023).

- Designed and developed a Prayer Support web form for GYCC, initially with HTML and CSS, now upgrading to React, TailwindCSS, and Shadcn UI to improve functionality and user experience.

:

I'm passionate about , , . My blend of technical expertise and soft skills, honed through , , , equips me to make meaningful contributions to any software development team.

' :
