Joannabelle Halim

Undergraduate Information Systems Student at Binus University |
Technical Consultant Intern at PT Realta Chakradarma
Tangerang, Banten, Indonesia

Summary

A driven third-year Information Systems student at Bina Nusantara University majoring in ERP with high adaptability, curiosity, and a growth mindset. Proficient in systems analysis and programming languages like Java and SQL, I am enthusiastic about leveraging technology to enhance business processes.

Experience

PT Realta Chakradarma
Technical Consultant Intern
February 2025 - Present (8 months)
Gambir, Jakarta, Indonesia

- Created a Functional Specification Document (FSD) for a leading bank, translating business needs into workflows that supported ITSM integration and improved efficiency.
- Customized client forms for their system
- Developed a test script consisting of 11 test cases, delivered ahead of schedule for internal review. Uncovered a missing key component and streamlined client-side testing.

PT Teknologi Harapan Lestari
Accounting Assistant
April 2022 - April 2023 (1 year 1 month)
Tangerang, Banten, Indonesia

- Maintained and recorded over 50 payment requests and vouchers monthly, ensuring 100% accuracy and company policy compliance
- Facilitated communication among a team of 6 members and 3 external stakeholders.
