## Summary

I am a fifth-semester Accounting student with a strong foundation in Accounting, Taxation and Auditing. My background in mentoring and tutoring has improved my ability to communicate in an understandable and efficient manner. I am skilled in creating financial models using Excel and have practical expertise with e-SPT for corporate tax filings and Jurnal.id for automated financial reporting.

I am especially interested in deepening my knowledge of taxes and using my strong accounting foundation to make a significant contribution to a company. I have a strong attention to detail, am dedicated to ongoing professional growth, and can adjust to changing financial conditions. My objective is to work in Accounting, Taxation, and Auditing in a demanding and fulfilling field where I can provide value and promote financial.
