Dillon W.

Software Engineer Intern @Blibli | ex-Lab Teaching Assistant
@BINUS University
Tangerang, Banten, Indonesia

Summary

Dedicated computer science student at Binus University with a
passion for solving complex problems through technology. With
hands-on experience in teaching, software development, and
hackathons, I continuously seek to enhance my expertise in machine
learning, deep learning, and full-stack development. Quick to adapt
to new technologies and thrive in collaborative environments, I'm
committed to learning and delivering innovative solutions.
