HIMTI BINUS University
Web Development Coordinator of HISHOT 2024
March 2024 - January 2025 (11 months)

As the Web Development Coordinator for HISHOT 2024 — an annual seminar, workshop, and study tour event organized by HIMTI Bina Nusantara — I led the development and maintenance of the official event website, aligned with the theme "From Cyber Security to Cyber Resilience."

My responsibilities included:
Leading the WebDev team and managing the full website lifecycle
Collaborating with the DnD and Promotion divisions for content and design integration
Automating digital communications such as promotional emails, e-certificates, and invitations
Ensuring website performance, responsiveness, and reliability throughout the event
